

MDI Inc., General Contractors Sign Cooperative Agreement With OSHA

On February 28, 2008, MDI, Inc. General Contractors was officially recognized as a participant in the Cooperative Safety Program (CSP).

MDI was accepted and formally signed into the Cooperative Safety Program, established to formalize an effort between QUOIN and OSHA to recognize companies with exemplary safety and health programs and encourage companies to continue building their safety and health performance.

The organizations mutually recognize the importance of ensuring a safe and healthful work environment in the construction industry.
